Our Process

Mapping

We map the abilities and skill sets of each student and create a base line. Through our well designed sessions, students develop creative thinking ability, lateral thinking, visualization and sketching techniques. Mapping the progress continues throughout the course.

Exposure

Students explore different creative fields and get the opportunity to interact with **industry experts, institutes and our alumni**. This helps them to make the right choice and set a goal to achieve that.

Goal Setting

Students are exposed to the process of **Goal setting**. This helps them narrow down their preferences and focus their attention towards what they want to achieve. Timely monitoring is done to make sure students get closer to their goals with every session.

Counseling

Counseling sessions with parents and students for holistic guidance throughout the process.

Exam Practice

Thorough practice and paper solving to be exam ready. Additional practice given in material handling to be ready for studio test. Guidance given for portfolio and interview.

Ideal for
8th to 12th
std. Students

A Note from the Founder

Pursuing a career in design is not just about talent—it's about the right guidance, exposure, and preparation. At Acube Studio, we are committed to equipping students with the skills and knowledge they need to excel, not only in entrance exams like NATA, JEE Paper 2, NID, NIFT, and UCEED but also in their future academic and professional journeys.

At Acube Studio, we take the teaching and learning process very seriously. The progress of every student is closely monitored, with a dedicated faculty-student ratio of 1:10 to ensure personalized guidance in every class. We strongly believe that perfection and excellence come through hard work and consistent efforts. Our goal is to provide a supportive environment where students can learn, grow, and confidently work towards achieving their dreams.

Design is a vast and dynamic field, offering opportunities in architecture, product design, industrial design, graphic design, interior design, fashion design, fine arts, and more. To help students explore these diverse career paths, we offer expert mentorship, hands-on workshops, institute visits, and interactions with professionals. All our faculty members are highly qualified in design-related fields, ensuring that students receive the best guidance, training, and industry insights.

Dream big, stay passionate, and let your creativity shape your future!
